Customer Reviews

Loved this book for giving clear and complete instructions for the plant hangers, also good for holding miscellaneous storage containers. It's good if you already have some beginning experience with the knot tying because the instructions aren't very specific for a beginner, in that regard. Loved this book overall!!

Low resolution scan. Unreadable.

I like this book a lot, the patterns are awesome. It is a bit hard to read on the kindle and the pages do not enlarge.

A little high price for a craft book, but that was my fault for paying it.

Love the designs
