Customer Reviews

I thought that there would be more updates on the Fenton Hobnail in this book and more pictures is why I bought this book.. I also purchased The Big Book of Fenton-- 1940-1970 which I feel is much better since the pictures are more clearer and the detail in the description. I have two great books but would recommended the second book more because of the detailed pictures...

This book is complete and met my expectations. I inherited over 50 pieces of Fenton and the book

helped me identify the year each piece was made and a rough estimate of its value. I'd recommend it to Fenton lovers.

Out of all the books I purchased this was my favorite. great pictures, pricing for all in collection. Easy to understand.

I find this book a great one for beginning collectors.

Good choice for me. More info than I expected.

great book for collectors and reference

a great addition to my reference library

It helps me when I am in antique shops.
