Paul English takes the time to help you understand what the paleo diet is and how it works. I have wanted to find a diet I was able to follow and that would work but the paleo diet was far too complicated until now. I quickly learned a few recipes to incorporate in my weekly meals. I really liked Paleo Pancakes recipe and Vanilla Paleo Waffles recipe. This cookbook is an essential for beginners like myself. It is hard to develop your own recipes even though you know the principals of the diet.

These paleo diet recipes are delicious and helpful for weight loss, I get this book because I want to loss my weight and I see that I in two weeks I lose 2 lbs and this is big achievement for me thanks.

Favourite part: The paleo breakfast snacks! This was a very thorough read on the paleo diet and the perfect intro for someone like me. There are so many awesome recipes in this book, it makes sticking to the plan so much easier. A truly tasty and healthy diet, am glad I found this book.

I am a person who is interested in Paleo Diet. I have read a few books about Paleo Diet for beginners and I can tell you that this book is the best. This book has many recipes that you need to know before you start diet and also recipes that are very easy to follow.

Hm, not bad. This is a book about the paleo, more about different recipes for it, though! Which isn't a bad thing but not a per se paleo book in its own right. More like a recipe book, haven't tried any atm so am not really fair to judge. Good book if you're looking for more recipes! Thank you, Paul!
