Customer Reviews

A nice collection but zero descriptions, artist attributions, or even an index by issue. The scans are nicely done and colors reproduce well on an iPad. Detail is good even when expanded and zoomed. For the price, it's a great book but I can't help but want a tiny bit more on the content side than just cover art with no information. The title is 100% accurate -- you get nice cover scans, nothing more (except a few originals of the work on which the cover was based), nothing less. Enjoy the pictures!
