Customer Reviews

I don't have the time to do much of my stamp collection but I like to keep up on the new stamps. I have an older book & bought at a book store. When I saw this I had to have it. One of these days I'll get either new album pages or a new album and try to do a little bit at a time to put all my stamps in a book. I'll go through the book soon to see what stamps I need to order.

Great for the beginner not for advanced collectors. Doesn't have Scott Numbers. But a good read it tells you about errors faults gorgeous etc.

well illustrated. ok

Nice little "giant".Thank you

Smaller than I thought it would be
