## Customer Reviews

Shocked this was made into a book...The pages are lined columns with numbers and values.I have 120 fiquirines to value and only found three..Not what I would describe as a resource book!Hardly worth the shipping.Very Disappointed... Back to the Charlton's for me!

Not exactly what I was looking for. Informative but somewhat disappointing. I just haven't been able to find the right book.

It was a great guide for determining value for the different figurines that Royal Doulton makes giving high & lows.
