Customer Reviews

A number of the recipes were obviously wrong as in the ingredient list would call for one egg but call for two in the recipe so which is right? Plus in more than half the recipes they called for ridiculous amounts of ingredients such as 3/8 egg or 5/8 can of tomato sauce. I found five recipes that seemed ok but ultimately chose not to take a chance. I threw the book away. I have never rated any item so poorly

Glanced through it and kept seeing recipes with things like 1/4 can crescent dough. And what am I going to do with the other 3/4? It's not helpful if I'm throwing away parts of packages. I'd rather cook big, use the whole package and have leftovers.

Ok. But they seemed to just take recipes and give the modified amounts. Seriously, how does one figure out 5/8 of an egg?

So many recipes just for two after cooking in a restaurant it is hard to cook for just a couple of people and it is so hard to find recipes just for two that taste good. Until now that is with this cookbook it is easy just look up what you want to cook and enjoy. How great is that.

I just got my book in the mail yesterday and the recipes sound good but the publishing of the book leaves a lot to be desired. First, the pages are not numbered and no index which makes it hard to find the recipe you want. Also I have already found mistakes in 2 recipes. #1 Breakfast Quesadillas--half the instructions are not there. #2 Chili Verde Stew does not show kind of pork or how much in the ingredients list. Just found a recipe for slow cooker which calls for 1/8 of a 6lb roast which I figured out is 12 ounces and it says to cook on low for 16/20 hours. Has to be a mistake. Why don't they correct some of the errors in this book. Also front of book says by Kristina Newman and inside page says by Julianna Sweeney. All in all seems a little fishy.

Really good as an inspiration for what to have for dinner without a ton of leftovers. Not good for beginning cooks because there are lots of errors. Some recipes lack amounts of ingredients mentioned in directions. Some lack ingredients mentioned in recipe title.

Cooking for Two: 365 Days of Fast, Easy, Delicious Recipes for Busy People (Cooking for Two Cookbook, Slow Cooking for Two, Cooking for 2 Recipes) Free gift book is highlighted at the start of this book along with other books available by the same author. Cookbook contains no pictures and no nutritional information. Does has a wide variety of dishes for the meals and how to make them. No serving size is listed but the recipes are for two but not sure of the serving size, in ounces. Lots of casseroles and cooking in the crock pot but what fascinated me was all the recipes for two for desserts. Those I know I can substitute healthier ingredients.

Really like this cook book. Bought for my daughter for her new apartment. The recipes are 'down to earth' for a new cook. 365 recipes that use every day products like chicken, beef and vegetables. Easy to prepare and clear instructions.
