Customer Reviews

Having written scores of batch files dating back to the days of DOS (but the most sophisticated a batch file menu), and having taking programming courses in C, Basic, Pascal, PL/I, VB.NET, COBOL and self-taught VBA in Office, I never had any course in batch file programming. I recently

had a project at work that could really use sophisticated batch files, because at work we're limited to VBA, VBScript or batch files. I purchased all 3 volumes and *all* 3 held information I needed with *real* examples. (Examples: I needed many ways to use echo, specifics on ping, set, variables, comparing strings with if statement and better error handling in Vol 1, setlocal, delayed expansion, the Replace command, which I didn't even know existed but will really help with my current project in Vol II, and handling virtual drives, pushd, popd, tasklist, taskkill, parameter handling and most importantly sophisticated For statements in Vol III, again with actual detailed examples.) Absolutely recommend, a must buy!!!

Buy this book. I cannot say enough good things about it. If you want to learn the windows terminal this will help along with batch scripting.

Pretty good stuff.Easy to read. A little boring.

Learn Command Line and Batch Script Fast, Vol II: A course from the basics of Windows to the edge of networking Learn Command Line and Batch Script Fast, Vol I: A course from the basics of Windows to the edge of networking Learn Command Line and Batch Script Fast, Vol III: A course from the basics of Windows to the edge of networking Windows 8.1: Learn Windows 8.1 in Two Hours: The Smart and Efficient Way to Learn Windows 8.1 (Windows 8.1, Windows 8.1 For Beginners) Windows 10: Windows10 Mastery. The Ultimate Windows 10 Mastery Guide (Windows Operating System, Windows 10 User Guide, User Manual, Windows 10 For Beginners, Windows 10 For Dummies, Microsoft Office) Python: Learn Python FAST - The Ultimate Crash Course to Learning the Basics of the Python Programming Language In No Time (Python, Python Programming, ...
