Customer Reviews

Great line of Books - easy to read - lots of pictures - great reference guide - waiting for the new version of this for CC version - but this helps in the mean time. Helped me understand how this product has changed since PageMaker days.

I love this book. It is very easy to learn from, both as a manual and as a tutorial. Well worth the price.

Okay but was gotten because newer book not available. A lot still applies.

Fast shipping, Item as described
