This book was indeed what I was looking for but watch out for different versions in other books. For example, Whitman published 2 versions of the state quarter collection one that has slots for both mint marks and one that doesn't. one version requires 3 volumes to fulfill the collection the other only 2. so I bought volume one of the one with three volumes thinking it was volume one of the one with two and when I got it I was missing about 2 years in slots. I couldn't tell it was different by looking because I thought there was only one volume one and it said "volume one"

These books have been the standard way for kids and adults to collect and preserve their coins for many years. I have quite a few of them.

I needed a folder for my coins and got it. It will help keep my coins and is use full.
